

Announcement of the renewal of the KAISER by

Computer System of the Information Science and Technology Center(ISTC).

The KAISER, computer systems for education and research, at the ISTC is scheduled to be updated one by one.

Please check the website below for the renewal schedule and details.

Topic

▪ E-mail system

The e-mail system (server) will be migrated to new one.

Users will be required to set up their e-mail software.

Details will be announced as they become available. Please stay alert on each piece of new developments!

▪ LMS (Learning Management System)

A new LMS will be introduced.

It will be operated in parallel with the current LMS for a certain period of time.

▪ Groupware

A new groupware will be introduced.

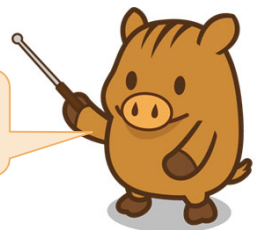

It will be operated in parallel with the current system for a certain period of time.

▪ The Information Processing Rooms will be converted by removing desktop computers to classrooms with BYOD (Bring Your Own Device) based service.

▪ Please make sure to back-up your precious data on educational terminals, online storage, and personal web pages.

Please start back-up your own files on educational terminal to your own PC, USB memories, and/or other secure storage devices now.
