sysmex

Sysmex is a Japanese healthcare company that specializes in developing instruments, reagents, and software for in vitro diagnostic testing. Our medical devices and reagents are used by medical professionals in over 190 countries - approximately 95% of the world. We are ranked in the top 10 of global IVD companies worldwide, and we currently occupy the No.1 market share in the hematology field. To transform the global healthcare landscape, we are looking to hire people from different backgrounds to work with us at Sysmex. If you're interested in pursuing a global career and wish to play a key role in developing the next generation of cutting-edge technologies, we'd love to hear from you.
